BSc (Hons) in Information Technology
Year 3

Assignment 3

IT3040 – ITPM **Semester 1**

- Each member is expected to complete the following for **progress 1 presentation** with respect to the components they are responsible for:
  - All the interfaces
  - Form validations
  - At least 35% of the responsible functionalities

Weighting	The assessment is worth 9% of the overall marks for the unit
Commencing Date	22 March 2026
Evaluation Criteria	• Completeness of interfaces • Neatness of interfaces • Appropriate use of uppercase and lowercase letters for interface labels • Form validations • Completeness of responsible functionalities • Communication and engagement • Time management
Presentation Guidelines	• Each group must be at the presentation venue **at least 10 minutes** before their scheduled time. • Failure to attend the presentation will result in **zero marks** for the assessment. • Each team member is required to present the progress of his/her respective component within a **maximum of 2 mins**. Members exceeding this time limit will be asked to stop. • Preparation of a separate slide deck is **not** required. • If required, to manage time, you may populate forms with **meaningful** dummy data using **button clicks**. • Presentations should be done from your laptops. Therefore, you are required to bring HDMI convertors or any other resources that is required to connect your laptop to the projector
